# W5 WELDING SOLUTIONS

## WATER TRUCK RANGE

Welding Solutions is an Australia wide industry leader in water truck manufacturing. Employing innovative design and quality manufacturing we supply to Australia's largest Mining, Civil and Plant Hire companies.

Our water trucks are built in Australia at our fabrication facility in Bibra Lake, WA. All water trucks undergo stringent testing to ensure they will operate efficiently in the harshest of Australian conditions.

We can supply a turnkey water truck package, ready to go, or manufacture to suit client requirements.

Operator Friendly, reliable, and extremely easy to operate. Australian designed and built with the latest safety features. Our Isuzu & Hino water trucks are ready for your next project.

### NEW HINO OR ISUZU 6x4 AND 8x4 WATER TRUCKS
